Electronic Pipette

When it comes to effortless pipetting, nothing beats electronic pipettes. But, there has to be consistent reliable performance for it to be truly effortless. While most electronic pipettes might come with numerous features, they do nothing much to revolutionize the pipetting experience. Based on faulty designs, these pipettes are neither ergonomic nor user-friendly which makes using them a real hassle. Moreover, the lack of an intuitive interface makes it extremely difficult for the user to set and operate the pipette's functions.

But, we believe in starting from the scratch to develop great products which are loved by our customers. After extensive R&D into customer feedback and their pipetting requirements, we designed and Electronic Pipette for a truly effortless and pleasurable pipetting experience. Its unique ergonomic design allows for hours of continuous pipetting without any pain. Also, its intuitive and user-friendly interface comes with numerous convenience features like storing and remembering 3 frequently used modes, 3 point auto-calibration and intelligent sleep mode which makes your work ridiculously easy.

Product Features

Individual Auto-sensing
Magnetic Piston Ensures
Precise Pipetting.

State-of-the-art Stepper
Motor Ensures Unmatched
Precision And Consistent
Reliability.

3 Point Precise
Auto-calibration Provides
Uncompromised Precision

Ultra-efficient Battery
Delivers 5 Hours Of
Continuous Usage After
2 Hours Of Charging

Intelligent Sleep Mode
Conserves Battery When Not In
Use & Enhances The Battery
Run-time By Over 40%

Calibrated As Per ISO
8655 In ISO 17045
Accredited Lab

Product Features

Convenient Options Of Charging With The Auto-charging Pod Or Charge & Use The Pipette Simultaneously With USB Charging.

Extremely Lightweight Construction Making Pipetting Effortless And Pain-free Even After Extensive Usage

Comes With A Real Time Graphical Interface.

Other Features

- Stores And Remembers 3 Frequently Used Modes For Quick And Hassle-free Usage
- 5 Different Pipetting Modes

Forward pipetting

Reverse pipetting

Multi-Dispensing

Diluting

Mixing

Multichannel Pipettes

- Lightweight
- 360° pipetting
- Easy loading tip cones with dual "O" ring
- Smooth and leak free operation
- Magnetic piston for error free and perfect pipetting of individual channels
- Accurate multiple function for all channels.
