## Serological Pipette

Dispensing and transferring liquids during lab experiments were traditionally replete with errors arising due to poor graduation marks, parallax error but with time technology and innovation conquered them all. However, reaching absolute accuracy is something only a few have managed to achieve.

Thankfully the Serological Pipette by Accumax manufactured from virgin polystyrene and having a Sterility Assurance Level of  $10^{-6}$  are calibrated for heavy-duty accuracy within +/- 2% volume range. These pipettes are manufactured with care and have undergone prudent quality control to deliver the best results.

# Product Features

**Best-In-Class Results**

**Manufactured From Virgin Polystyrene In A Class 100K Clean Room**

**US FDA Approved Raw Material**

**Large & Clear Graduation Marks**

**Negative Graduation Marks For Extra Capacity**

**Certified Free From DNase, RNase, Cytotoxin & Non-pyrogenic**

**Calibrated For Accurate Dispensing Within +/- 2% Volume Range**

# Product Features

**Best-In-Class Results**

**Filter Plug Prevents Both Fluid And Liquid Vapors From Contaminating The Pipettor And Sample**

**Smooth Internal Surface**

**Highly Transparent And Clear**

**Color Coding For Easy Identification**

# Ordering Information

Serological Pipettes		
Cat. No.	Volume	Qty/Case
AS-1-S-W	1 ml Individually wrap Sterile	250X4
AS-2-S-W	2 ml Individually wrap Sterile	200X4
AS-5-S-W	5 ml Individually wrap Sterile	125X4
AS-10-S-W	10 ml Individually wrap Sterile	100X4
AS-25-S-W	25 ml Individually wrap Sterile	75X4
AS-50-S-W	50 ml Individually wrap Sterile	50X4
AS-100-S-W	100 ml Individually wrap Sterile	25X4
